

## Reminders and Safety Tips For South Bethany

### Bicycle Safety Tips from the National Highway Traffic Safety Association

- ✓ Every bike ride should begin by putting on a properly fitted helmet (required for persons under 18).
- ✓ Avoid crashes and ride responsibly, defensively and predictably. REMEMBER: All states require bicyclists on the roadway to follow the same rules and responsibilities as motorists.
- ✓ Wear equipment to protect you and make you more visible to others, like a bike helmet, bright clothing (during the day), reflective gear, and a white front light and red rear light and reflectors on your bike (at night, or when visibility is poor).
- ✓ Plan your route—if driving as a vehicle on the road, choose routes with less traffic and slower speeds. Your safest route may be away from traffic altogether, in a bike lane or on a bike path.
- ✓ **No texting or talking on the phone**, listening to music or using anything that distracts you by taking your eyes and ears or your mind off the road and traffic.
