

Mayor Report  
May 6, 2020

1. Attended many teleconferences with the Governor, DHSS, State Tourism, ACT and Beebe Medical Center regarding COVID 19 and the public health crisis. These meetings were very informative and provided information for municipalities to make informed thoughtful decisions. Information that was received was passed along to Town Council members. The Governor expressed a clear concern for communities with a large elderly population such as South Bethany. He requested help in getting his message out on the importance to stay in place.
2. Met multiple times with the Town Manager and Chief of Police to assure we are doing everything possible to keep the Town open for services and yet protect both our employees and property owners. Working to assure the Police have all necessary PPE for their continued operations. While Town Hall is closed to the public the Town continues to provide all normal services.
3. Town Council and committees continue to meet via electronic methods as per the guidelines of the State. Our goal is to continue business as usual to the best of our ability.
4. We have sent out multiple email updates on the actions the Town or State has taken during this public health crisis. We will continue to monitor the situation and provide updates as necessary.
