

# South Bethany Beach Patrol

## Monthly Report

5/23-5/31

The beach patrol has had a solid start to Summer 2020. With decent crowds on nice days and rough surf, there has been plenty of action. All guards are being trained in new protocols and procedures to protect themselves and beach patrons against Covid-19. With two named Tropical storms affecting our waters the first week of summer, we are expecting a busy season, and training as such.

Rescues: 5/23- 12 yr old boy- stuck in rip current

Injuries: 55 yr old Male- knocked down by wave, strained muscle

Lost Children: 0
