

FEMA Ad Hoc Committee

The committee held a virtual meeting on October 14, 2020 at 2:00 P.M.

Randy Bartholomew called the meeting to order.

- Randy Bartholomew (Chair, South Bethany Town Council)
- Ed Bintz
- Robin Greenhall (not on the call)
- Ria Malinak
- Chip Mitchell
- Maria Vershel (not on the call)
- Colin Chasler

The minutes for the October 6th meeting were reviewed, Chip moved, and Colin seconded the adoption of the minutes of which were unanimously approved.

Randy explained that only 4 of the 10 questions were submitted to FEMA for the 3rd round. The ones selected related more to the 1st LOMR. It was felt that 10 questions would not be well received and may not be answered. At the time of this meeting there was no response from FEMA. The remaining questions can be asked at the public meeting.

A tentative date for the public meeting is Tuesday, October 27, 2020 from 3-4:00 p.m. The meeting would be a virtual call-in without visual. Chip suggested we try to use Zoom which allow video with good control over who can speak and who is muted. Randy will inquire if this is a possibility.

The one-hour agenda will be for FEMA to present their conclusions along with the supporting methodologies related to 1st LOMR for the Riverine (about 15-20 minutes), followed by Q & A. We will ask FEMA for their outline in advance. Questions related to the 2nd LOMR can be asked.

The next committee meeting will be on October 22nd at 10:00 a.m.
