

**TOWN COUNCIL REPORT
COMMUNICATIONS & PUBLIC RELATIONS COMMITTEE
NOVEMBER 12, 2021**

The Communications & Public Relations Committee met on October 22nd.

The Christmas Caroling by Trolley event scheduled for December 11th has been cancelled out of an abundance of caution related to Covid and a lack of popular support. Details are being worked out for an alternative event to occur in December that will safely engage the community.

The Committee is working with the Town Administrator on updating both the Town's list of property owner email addresses and portions of the Town website. In addition, welcome bags for new residents were assembled.

Discussions about which events to host in 2022 began and considered community feedback, including the results of the Planning Commission's recent resident survey. It was decided that the community potlucks will no longer be offered. The Committee is interested in shifting away from the events that have been offered in the past to new events that encourage community building amongst property owners and residents, and/or offer community service opportunities. Discussions will continue at the next meeting.

Respectfully submitted,
Edie Dondero, Chairperson
