

Town Council Meeting

November 9, 2023,

Budget & Finance Committee Report

The Budget and Finance Committee has held two meetings to discuss modifications to the Investment Policy. Proposed changes were presented and approved by the Town Council on October 13, 2023.

At the request of the mayor, the committee discussed several scenarios regarding the number of parking passes allowed to be sold along with the cost for each pass. Three scenarios were shared with the Town Council on October 13, 2023.

The next meeting will be scheduled after the October financial reports are issued to review the six-month mark and determine if there are significant budget concerns.
