

**TOWN COUNCIL REPORT
COMMUNITY RELATIONS COMMITTEE
MARCH 8, 2024**

The Community Relations Committee met in February to begin planning spring events and will meet again on March 27th.

Plans are underway for an Earth Day program to be held in April, co-hosted by the CRC and the South Bethany Historical Society. In addition, the CRC hopes to host a canal end clean-up event on the weekend following Earth Day.

On April 19th, the CRC and the Town will host a Community Blood Drive in Town Hall with the Delmarva Blood Bank. Details will be forthcoming.

The Coffee with Council series continues. The January and February events featured Councilwoman Dondero and Mayor Saxton, respectively, and Chief Lovins will host the March event on the morning of the 15th. (Note: the Blood Drive will replace the April coffee.)

Respectfully submitted,
Edie Dondero, Council Liaison
